Rob asked me to talk you all. We need to decide. Just had a call with R8 FSC at their Area Command at the ICP (??). A decision has to be made about how we're going to track costs which will be based on the response and also the question of OT and CT.

Did you all decide about unified command? I need to call the FSC in R8 because she thinks everyone should be charging their account and their policy for this response is charge all OT and no CT. How is R9 handling? Do I need to talk to Nancy L?
